Topics

- Opening remarks by Andrew Baron (Work Group chair) and introductions.
- Review and final prioritization of Focus Group questions (primary care physician, other providers, and consumers).
- Statewide Healthcare Innovation Plan and Gap Analysis — what is needed from CQI Work Group.
- Update on Focus Group structure.
- Discussion of background information and prior meeting follow-ups — patient-centered medical home background, other state transformation models (Community Care of North Carolina, Oregon's Coordinated Care Organizations initiative), clinical practice guidelines, and performance measures.
- Future WG meeting dates and location.
